ABOUT ME

I am one of the lucky ones who determined passion and career soon. I have started studying and programming from the early years of high school and improve it until now.

Up to now, I've had more 4 years of experience in developing iOS apps.

My goal is to build awesome mobile apps so that when people mention something, my app will be a good choice for them.

EDUCATION

2016 - 2016	TechMaster iOS Application Developer - During the time I studied here, I learned: + Knowledge in OOP + Understanding of iOS SDK + Good in Swift - Experienced in working with : + Network request and RESTful APIs + Interface builder and Auto layout + Custom UI, Animations + 3rd libraries as Alamofire, SwiftyJSON, Firebase, FacebookSDK, etc
-------------	--

SKILLS

Programming Languages	• Swift: Good
Framework	• UIKit: Good • SwiftUI: Basic
Tools	• Familiar with XCode
Languages	• Vietnamese: Native language • English: Good at reading and listening
Architecture Pattern	• MVC, MVP, MVVM.

WORK EXPERIENCE

June 2020 - Sep 2022

ITSol
